Sage Davis

SKILLS

Very athletic as well as having a love for learning. Riding bikes is such a passion, pushing to become faster and have better technique and also building friendships within the team. Learning is the main role in life, whether it is science and math or history and social studies all of it fits. Involved in a rocketry club outside of school and enjoy being with friends and family.

EDUCATION

Animas High School, Durango CO – *Currently Enrolled*

January 2017 – Present, Durango Colorado

Present at Animas high school since second semester of freshman year. First semester of freshman year was spent at Durango High School. Durango High didn't fit and Animas seemed like a better idea. After shadowing, it was the perfect school. Currently enrolled in Advanced Physics, Precalculus, and spanish 3. Outside of school TARC, Team America Rocketry Challenge, building rockets to meet the requirements and launching them to the right height with the right time constraints.
